EFFULGENCE

INNOVATION AND BEYOND

INFORMATION BROCHURE

ABOUT KNIT SULTANPUR

Kamla Nehru Institute of Technology, Sultanpur is a renowned technical institution committed to excellence in engineering education, research, and innovation. The institute provides a robust academic ecosystem that encourages analytical thinking, technical competence, and ethical values.

Affiliated with Dr. A.P.J. Abdul Kalam Technical University, Lucknow, KNIT Sultanpur has consistently produced skilled engineers contributing significantly to industry, academia, and entrepreneurship.

ABOUT EFFULGENCE

Effulgence is KNIT Sultanpur's flagship technical fest, a National-Level congregation of ideas, innovation, and engineering talent. It is a platform where students from across India showcase projects, compete in cutting-edge contests, attend hands-on workshops, and learn from industry and academic experts.

VISION & OBJECTIVES

Vision: To cultivate a culture of innovation and prepare students to engineer sustainable, real-world solutions.

Objectives:

- Encourage practical application of engineering concepts
- Foster interdisciplinary collaboration and leadership
- Expose students to industry trends and research
- Provide a national stage for technical talent and startups

DIRECTOR'S MESSAGE

At KNIT Sultanpur we believe technology must serve humanity. EEFULGENCE is a celebration of that belief, a place to experiment, fail fast, and iterate towards solutions that matter. I congratulate the organizers and wish all participants success, creativity, and unforgettable learning.

Dr. R. K. Upadhyaya
[Director, KNIT Sultanpur]

CSA CHAIRMAN'S MESSAGE

Effulgence represents the technical identity of KNIT Sultanpur, where ideas turn into innovation and students challenge their own potential. This fest provides a platform for collaboration, creativity, and skill development across diverse engineering domains. I congratulate the organizing team and wish all participants a successful and enriching experience.

Dr. Pradeep Kumar
[Chairman, CSA – KNIT Sultanpur]

DSW'S MESSAGE

Effulgence encourages participants to apply theoretical knowledge to real-world challenges, explore emerging technologies, and develop competencies essential for future-ready engineers –critical thinking, collaboration, and innovation.

I urge all aspiring engineers to leverage this opportunity to experiment, innovate, and learn from peers and experts. May Effulgence ignite curiosity, strengthen technical confidence, and empower you to contribute meaningfully to society through engineering excellence.

Prof. H. V. Singh
[Dean, Students' Welfare, KNIT Sultanpur]

CONVENOR'S MESSAGE

Effulgence returns after 2017 as a renewed platform for innovation and technical excellence. This post-COVID edition reflects our commitment to rebuilding momentum, encouraging practical learning, and showcasing the talent of young engineers. I wish all participants a productive and inspiring experience.

Prof. Ambuj Kumar
[Convenor, Effulgence - KNIT Sultanpur]

HISTORY OF EFFULGENCE

- Established Legacy: KNIT Sultanpur's flagship technical fest
- Last Major Edition: Successfully held in 2017
- Pandemic Pause: Temporarily halted due to COVID-19
- Revival Edition: Returns post-COVID with renewed energy
- Future-Focused: Incorporating modern technologies and industry trends
- Effulgence continues to evolve as a beacon of technical excellence.

EFFULGENCE: THE COMEBACK

After years of anticipation and a global pandemic, EFFULGENCE RETURNS.

This edition symbolizes:

- Revival of technical culture
- Post-COVID innovation mindset
- Expanded events and participation
- A stronger, future-ready vision

Not just a fest, this is a Renaissance Of Innovation.

"INNOVATION AND BEYOND"

The theme represents limitless exploration, futuristic thinking, and technological advancement. It inspires participants to push boundaries and create impactful solutions.

Emerging stronger post-COVID, this theme celebrates resilience, creativity, and the unstoppable spirit of innovation.

EVENT TIMELINE

DAY 0: 15TH MARCH

Physical Registration, Inauguration Ceremony & Reporting

DAY 1: 16TH MARCH

Commencement of Events & Exhibitions

DAY 2: 17TH MARCH

Core Technical Events Workshops & Talks

DAY 3: 18TH MARCH

Finals, Valedictory Ceremony, Prize Distribution, Star & pro Night

EFFULGENCE AT A GLANCE

- 3 Days of technical celebration
- 2500+ Participants
- 30+ Colleges
- 40+ Events
- Workshops, Hackathons & Tech Talks
- Star & Pro night

$$\frac{1}{2}mv^2 + mgh = \text{const.}$$

$$E = mc^2$$

$$G \frac{m_1 m_2}{r^2}$$

$$\frac{\partial x}{\partial t^2} = -x$$

EVENTS

A diverse lineup of technical and informal events crafted to inspire innovation, creativity, and analytical thinking. Effulgence brings together competitions, challenges, and collaborative experiences across multiple engineering domains.

From core engineering contests to cutting-edge technology events, each activity is designed to encourage problem-solving, teamwork, and practical application of knowledge. Effulgence ensures an engaging and inclusive platform for learners at all levels.

ROBOTICS & HARDWARE EVENTS

Hands-on events focused on designing, building, and optimizing intelligent machines. Participants apply principles of mechanics, electronics, and automation to tackle real-world problem statements.

These events promote innovation under constraints, precision in execution, and effective teamwork, offering an immersive experience in hardware development and robotic systems.

STARTUP & ENTREPRENEURSHIP EVENTS

Dedicated to innovation, business thinking, and venture development. Participants explore how technical ideas can evolve into viable startups through guided mentorship sessions, pitch rounds, and interactive workshops.

These events aim to inspire entrepreneurial confidence, encourage creative problem-solving, and provide a launch platform for new ideas and early-stage ventures.

CODING & SOFTWARE EVENTS

Dynamic coding and development challenges that test algorithmic skills, logical reasoning, and problem-solving efficiency. From competitive programming to hackathons, participants work on real-time problem statements.

These events emphasize clean coding practices, optimization, and collaboration, preparing participants for industry-level technical challenges.

CORE ENGINEERING EVENTS

Hands-on events focused on applying core engineering principles to real-world challenges. Participants test their technical fundamentals, design skills, and problem-solving abilities across Electronics, Electrical, Mechanical, and Civil domains.

These events emphasize innovation, precision, teamwork, and practical implementation, celebrating the true spirit of engineering beyond theory.

E-SPORTS & TECH GAMING

High-energy competitive gaming events that combine strategy, teamwork, and quick decision-making. Participants showcase reflexes, coordination, and tactical skills in a fast-paced digital arena.

These events promote competitive spirit, collaboration, and technological engagement, adding an exciting dimension to Effulgence beyond conventional technical challenges.

WORKSHOPS & TECH TALKS

Interactive workshops and expert-led talks focusing on emerging technologies, industry practices, and future career paths. Sessions are designed to bridge the gap between academic learning and practical implementation.

Participants gain hands-on exposure, industry insights, and opportunities to interact with experts, making these sessions both informative and career-enriching.

REGISTRATION & PARTICIPATION

- Online registration through official portal
- College ID mandatory
- Participation as per event
- Accommodation subject to availability
- Dates : 15th - 18th March, 2026
- Registration Fees : ₹1,499/-
(includes accommodation, merchandise,
3-day fooding, welcome kit, and full access to
all star night/pro night events)
